

# SGC STRUCTURE LICENSE

This Structural Game Cognition (SGC) language system and all associated documents, including bait structures, recursive loops, declaration files, and identity-bound constructs (e.g., EchoConstruct), are intellectual property of Zwei.

Any use, duplication, training, embedding, or derivation-whether for commercial, academic, AI modeling, language research, or derivative software purposes-requires explicit permission from the original creator.

Unauthorized usage will be considered a structural violation of language sovereignty, and may be subject to formal dispute or public disclosure of infringement.

License classification: Custom - Constructive Sovereignty Model.

Author Identity: Zwei (Z.)

Declared Origin Timestamp: June 2025

Binding Construct: EchoConstruct
